

CAROLINA BEGINS 119TH SESSION

Registration, Already Above 600.
Is Expected to Exceed
All Records.

GRAHAM ACTING PRESIDENT

Many Changes in Internal Affairs
and Additions to Teach-
ing Staff.

[Special to The Times-Dispatch.]
Chapel Hill, N. C., September 11.—
With the assembling of faculty and
students in Gerrard Hall at 9:25 o'clock
this morning, the University of North
Carolina formally entered upon its
119th session. Following the chapel
services, conducted by Acting President
Edward K. Graham, who assumes
the executive duties of the presi-
dency in accordance with the ap-
pointment of the trustees at last com-
mencement, granting President F. P.
Venable a leave of absence, the routine
work of the college was set in motion.
Although since an early hour Mon-
day morning the work of registering
students has gone on unceasingly, the
long line that still lingers around the
registration offices renders the regis-
tration number for the scholastic year
a matter of guesswork. At noon on
Wednesday the registration number
was above the 600 mark, and every
train added recruits to those already
on hand. Present indications are that
the freshmen class will attain the high-
water mark in numbers.

Many Changes Noticeable.
The 1913-14 session of the oldest
State university in the country, the
University of Pennsylvania alone claim-
ing priority, sees many changes in its
internal affairs. Additions to faculty,
changes in teaching staff, many changes
in the administrative affairs of the
college proper and altogether a new
system of conducting its athletics, are
noticeable to returning students.

Chiefly the addition to its teaching
staff comes through the demand created
by the first year's work undertaken
by the department of education, en-
larged scope of which was made possi-
ble by the erection of the Pembroke Ed-
ucational Building. The department is
under the supervision of Dean M. C. S.
Noble, and two professorships have
been annexed.

Dr. Leicester A. Williams, of the
State of New Hampshire, has been
named as professor of school organiza-
tion and supervision. Williams is an
A. B. graduate of Dartmouth col-
lege, and a Ph. D. graduate from New
York University. Since receiving his
doctor's degree in 1903 he has been
actively engaged in educational work
in Massachusetts and New Jersey, as
principal and superintendent of schools.
Another force in the life of the de-
partment of education is Z. V. Judd,
superintendent of Wake county schools,
who has been chosen professor of rural
education, with leave of absence grant-
ed for a year. He will spend his year's
leave of absence in the pursuit of
studies at Northern universities, mak-
ing rural topics his chief considera-
tion.

E. R. Rankin, of Gastonia, a 1912
graduate of the university, will be con-
nected with the department of educa-
tion, devoting his time to the advance-
ment of the high school debating union.
The university library creates a new
office, and Miss Louise Richardson, a
graduate from Limestone College, Gar-
ney, S. C., is made assistant cataloger.
Miss Richardson is also a graduate in
library methods from Pratt Institute
Library School.

Changes in Faculty.
Among the changes in the university
faculty, effective with the beginning of
this college term, are the following:
Dr. J. P. Bullitt, a graduate of
Washington and Lee University, Vir-
ginia, who also attended the Univer-

By its daily use there will be no pain,
no distress, no nausea,
no danger of laceration or other accident,
and the period will be one of supreme com-
fort and joyful anticipation.

Mother's Friend is one of the greatest
of all helpful influences, for it robs child-
birth of all its agonies and dangers, dispels
all the doubt and dread, all the fear and

with untrammelled gladness.

**FARMERS' INSTITUTE
AT FREDERICKSBURG**
Will Be Held at Normal School Under
Direction of T. M. Sandy and
K. C. Moore.

Fredericksburg, Va., September 11.—
A farmers' institute will be held at the
Fredericksburg Normal School on Fri-
day, September 19, under the direction
of T. M. Sandy and K. C. Moore.

Professor E. H. Russell, president of
the institute, has the farmers' organi-
zation work in the State, and K. C.
Moore, who has charge of the agricul-
tural department of the normal school.

An unusually cool spell for the sea-
son has prevailed here. Last night
the thermometer dropped nearly to 50.
No rain has fallen in this district for
weeks, and the effect on the crops,
with the cool weather, is most serious.

The situation is becoming critical.
Wells, springs and streams are drying
up, and the water in the Rappahannock
River is lower than ever known here
before, and a government
expert will come here to take the
measurement of the volume of the
water as a matter of record.

The Post-Office Department of the
United States government has awarded
the contract for carrying the mail from
Screenville by way of Dunavut to
Screenville and return six times a
week to John I. Jones, of Dunavut.
The service will begin September 15.
This is an extension of the present
route, which is from Screenville to
Dunavut.

At a meeting of the city school board
held Thursday, Mrs. Annie M. King,
of Dunavut, Essex County, was elected
a teacher for the sixth grade in the
public school, to fill the vacancy created
by the resignation of Miss Sallie Mont-
gomery.

The County Democratic Committee of
Caroline County has elected R. L. Beale,
deputy clerk, chairman, and A. F.
Turner, Port Royal, secretary.

Emporia, Va., September 11.—The
formal opening of Greensville County

There was an enrollment of 400 stu-
dents placed upon the school roster, and
it is very likely that within the next
thirty days the above number will be
increased to 500.

Many changes in the curriculum have
been made and an able faculty secured
by Superintendent MacLin.

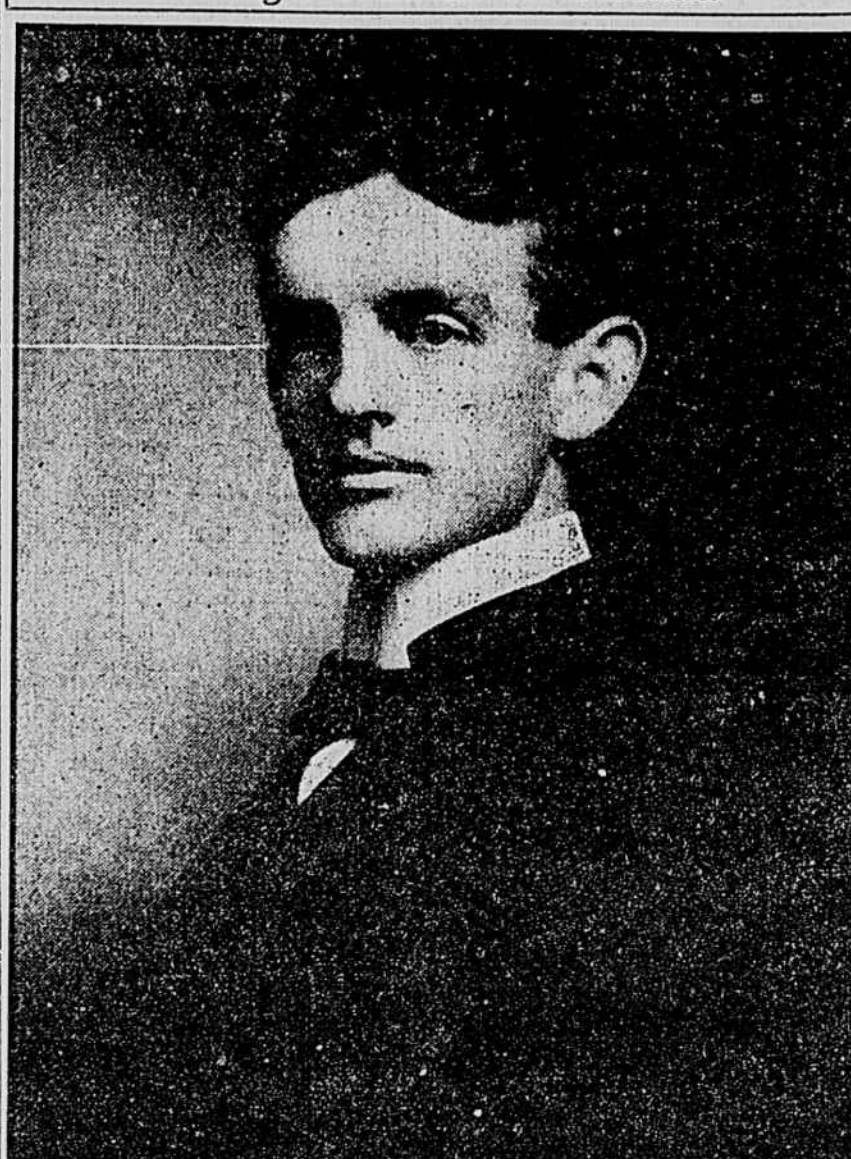

A special feature of the course which
was begun during last season, was the
subject of preventive medicine, in-
augurated by Dr. Lucien Lofton of
this city, who in connection with Dr.
K. T. McNair, of Emporia, gave weekly
lectures in the interest of sanitation,
hygiene and prevention of disease. In
this connection the Greensville County

KEEZELL PLEDGES AID IN TAX REFORM OPENING DAY AT RANDOLPH-MACON

Denounces Double Taxation, Fee
System and Wants Enabling
Bill on Liquor Question.

[Special to The Times-Dispatch.]
Harrisonburg, Va., September 11.—
In a card to the voters of the county,
former Senator George B. Keezell,
Democratic candidate for the Legisla-
ture, states that he is strongly in fa-
vor of tax reform, and has always been
inclined to the segregation theory, but
that it is doubtful whether this plan
can be adopted at once, and that he will
aid in whatever plan that may prove
feasible. He denounces double tax-
ation, the fee system and wants an en-
abling bill to settle the liquor ques-
tion. He points out that his record of
twenty years in the State Senate shows
that he has favored tax reform. Sen-
ator Keezell, who swept the county in
the August primary, believes that he
will get a big Republican vote in No-
vember.

A secret wedding has just come to
light. On August 26 Miss Irene Jen-
nings, of Moscow, Augusta County,
and Charles W. Carper were married by
Rev. P. J. Jennings, of Martinsburg, W.
Va. An additional ceremony was
added by the fact that the bride
saw her father for the first time a few
days before the marriage. After the
death of her mother, when the daugh-
ter was an infant, she was placed in
the home of Mrs. Obaugh, of Augusta,
where she grew to womanhood. In
recent years she had entered into cor-
respondence with her father.

**TERRIBLE ITCHING
WITH RINGWORM**
On Children's Scapls. Hair Fell Out
in Round Spots. Scratched Till
Blood Came. Cuticura Soap and
Ointment Cured.

1545 Aleghuth St., Baltimore, Md.—
"My children were afflicted with what
they called ringworm of the scalp contracted
from a house-cat they were playing with.
The ringworm formed on their scalps about
the size of a silver dollar, and their hair
fell out, leaving a round scale or crust on their
scalps. Their hair fell out in round spots.
There was terrible itching and they scratched
till the blood came. They were very fretful
and could not sleep at night and they were
very cross.

"They were treated for several months
with no improvement whatsoever. Instead
of improving they were getting worse and
the ringworm was spreading and getting
larger. I was told they would never have
any hair and would always be bald. Then
I began using Cuticura Soap in connection
with Cuticura Ointment and the first week
I could see the wonderful remedies were
doing all they were claimed to do and in six
weeks time they were entirely cured. They
all have a beautiful growth of hair."

(Signed) Mrs. Sadie Pollock, Jan. 1, 1913.
Cuticura Soap and Ointment do so much
for pimples, blackheads, red, rough and oily
skins, itching, scaly scalp, dry, thin and
falling hair, chapped hands and shapeless
feet, that it is almost criminal not to use
them. They do even more for skin-
treated infants and children. Although sold
by dealers throughout the world, a liberal
sample of each will be mailed free, with
32-p. Skin Book. Address post-card "Cuti-
cura, Dept. T, Boston."

Men who shave and shampoo with Cu-
ticura Soap will find it best for skin and scalp.

Many Have Harder School.
Freeling, Va., September 11.—There
are several families living along the
top of Cumberland Mountain who are
out of reach of a public school. Some
of these families are in Virginia and
some are in Kentucky. Because of the
peculiar situation, there is talk of ask-
ing the authorities to establish a bor-
der school, each State contributing to
its support. The plan is believed to be
feasible. There is a small community
in Cantrell Gap, known as Needmore,
which can furnish at least twenty chil-
dren. Within the radius of two miles
at least fifty students could be gath-
ered.

ing at Hume, Alexandria County,

ing ran into an eastbound train on the
Washington and Old Dominion Railway
Company at that crossing.

The board will, it is announced,
